## TO WHOM IT MAY CONCERN

It is with enthusiasm that I write this reference for Parada Chantanant. I am the director of sports at the “Fai Kham” fitness centre on campus at the Ramkhamhaeng University, which is one of the largest in Thailand (430,000 Students). Parada has been teaching yoga at the centre since the 11th June 2007. She came to us as an experienced teacher and partitioner. She is moving to Australia and we wish her every success.

Parada runs two yoga classes a week on Thursdays and Saturdays. In addition to these scheduled classes she often assists us as a relief teacher when other teachers are unable to take their classes. These requests often come at short notice and Parada always helps us willingly.

She is personable, polite and always punctual. She is a dedicated and professional teacher and has developed a rapport with her students that ensures that her classes are often full. We have been delighted with her teaching style, as it attracts and retains students, staff and the general public of all ages and levels of experience.

She has been an important member of our staff and she will be sadly missed by both her students and the staff at the fitness centre. Should you require any further information please don't hesitate to contact me at the fitness centre

Your faithfully,

Mr. Preecha Prayoonpat  
Director of Sports Office
